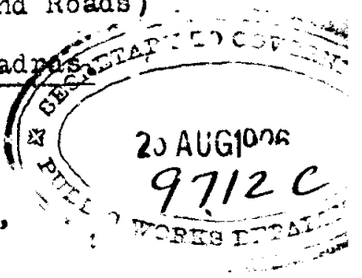
Telegraphic Address C.E.



To The Secretary to Government,
Public Works & Labour Department,
Fort St. George.

No. 4305Ac/25-6, *dated* 20th August *192*6.

Sir,

Buildings-Bellary-Portion of the building lately occupied by the Forest Conservator's Office-utilization,Para.2 of G.O.No.1747 W, dated 10th November 1925.

****

I forward herewith two plans, one of the ground floor and the other of the upper floor of the building in question. It will be seen therefrom that in the upper floor, rooms marked (D), (E), (F), (G), (H) and (J) and enclosed in red were lately occupied by the Forest Conservator's office and that the remaining rooms there, are used by the Executive Engineer, Bellary Division and his drawing branch. In the ground floor, rooms marked (1) to (7) and (8 A) are occupied by the Accounts and the correspondence Sections of the Executive Engineer's office and the remaining rooms are used by the Offices of the Assistant Commissioner and the Inspector of the Excise Department. The foblowing proposals are made by the Executive Engineer and recommended by the Superintending Engineer, Madras Circle, for the utilization of the vacant portion lately occupied by the Forest Conservator's office:--

(i) The Accounts and the correspondence sections of the Executive Engineer's office to be entirely shifted from the ground floor to rooms marked (D) to (H) in the Upper floor.

(ii) Room marked (J) in the upper floor to be --

allotted to the Assistant Commissioner of Excise, who has no separate office room in the ground floor

(iii) The Forest Range Office to be located in rooms marked (1), (2) and (3) in the ground floor instead of in two rooms in the late Conservator's office portion in the upper floor as directed in G.O.No.1747 W, dated 10th -- November 1925.

(iv) Rooms (4) to (7) in the ground floor to be allotted to the office of the Boiler Inspector, Bellary Circle, which is now in a rented private building.

(v) Room (8 A) in the ground floor to be set apart for use as a tiffin room by the members of the offices in the building.

The Conservator of Forests, Bellary, has agreed to proposal (iii) above and the Collector of Bellary to all the proposals. I recommend, therefore, that the sanction of Government may be accorded to the proposals.

for Chief Engineer, P.W.D.
